# Focus of the week: enjoying being together

Relationships are the core of school life at Crosslee. The school day has so many opportunities for us to enjoy being together. Here is a round up of some of the ways we can work to have the best time possible together in school.

## The ways school helps

Assemblies at Crosslee are very special. The children look forward to learning, singing and getting prizes! We often use assemblies to set whole school expectations around behaviour too.

Staff listen to children when things go wrong and help children so that playtime is a positive time.

Staff set high expectations for behaviour to ensure that children all enjoy learning.

Staff support children when learning gets tricky.

## Families in school

It was so lovely to see families joining in with the 'SICK' project today. Thank you for coming in!

## How to support at home

Please support school standards. Praise and enjoy their achievements but hold your child to account if they have made poor choices. Encourage your children to see things from the point of view of others so they can help others. Please trust school to look after your child's best interests. We are all experienced and trained and want the best for all children.

## Headteacher's Comment

**After 24 years at Crosslee Community Primary School, it is with great sadness that Miss Dickson has decided to retire from her role as SENDCo. The Governing body, leadership team and staff would like to thank her for her years of services and wish her all the best in her future endeavours. Miss Crew.**
